Week 5 Task 3 – Utils Ten Hut
David Robertson

They,
Were not all
Lined up straight
They
Were distributed
Unevenly on the
Work services
And every cupboard
Had
One or several
But, the ISS
Contained them
What a mess
It had
Where the Astronauts
Ate and did not
Party
Because it was
A hostile
Environment, dat space
They hurtled
Unlike a turtle
At several thousand
Miles per hour
What a ride
This space stride
Only trouble was
They would end
Up in roughly the same
Place later in time
Going nowhere fast
Was never so much of a blast
So the Utensils Salute
And in unison, shout
Ten Hut Sarge....
